It was Dollar who Bonds To Be Redeemed was more than any other individual responsible for the visit of the Chinese commissioners looking toward an increase in trade between the two countries. It was stated on responsible authority that during the tour of the Chinese, on which Captain Dollar accompanied them, the general scheme looking toward the establishment of such a line was formulated. Government Will Aid

in San Francisco, it was announced that, although no subsidy bill has been passed by the Chinese government and ly, the Chinese government stood ready to extend its support to any combination of interests which would provide an adequate ship line between American and Chinese ports. It became known today that Captain Dollar is ready to treat with the Chinese on the conditions of the subsidy. This would mean, it is stated, regular sailings from designated ports frequent enough to care for the traffic as it is to be found on the establishment of the line or develops hereafter. It would also require concessions in matters of rates and preference for Chi-

nese shippers. To Establish Agency Confident of a large increase in Chiturers growing out of the visit of the commission, important interests represented by its members were in negotiation with San Francisco shippers looking toward the establishment

of a purchasing agency for Chinese The utility of such arrangement is in the greater despatch afforded in communications and shipping and in protection against dissatisfaction arising out of dealings through middlemen. The arrangement would mean a saving of a month over the time required for trans-Pacific ship-ments from New York and would ments from New York and would greatly enhance the advantage of Pa-rifle Coast products in competition with greatly enhance the advantage of Pathe East.
